

November 14, 1994

To Whom It May Concern:

We are proud to announce our "Crossdresser/Transsexual Reference Hotline". We understand how difficult it is for crossdressers, transsexuals, and others interested, to get accurate information about where to shop, what support groups are available, beauty treatments, current community events, and local nightlife. We'd like to change all of that and to promote your services free of charge.

We currently have your business listed under our 10 category and have your address and telephone as:

East Coast Female to Male Group
P.O. Box 60585
Florence Station
Northampton MA 01060

We would appreciate if you would send us the name of a contact person for our use. If any of the above is incorrect please let us know.

If you'd like to have special events or other information of interest to the community on our hotline please send all pertinent information to:

Connect Communications Inc.
8306 Wilshire Blvd. #1000
Beverly Hills, California 90211

We sincerely hope that our complimentary listing helps to increase awareness and visibility to the Crossdresser/Transsexual community.

Sincerely,

Tracy Scott
Advertising Manager
