Dear Lou:

Thank you for your contribution of Information for the Female-to Male to the New Alexandria Lesbian Library. Together we are building a proud and powerful Lesbian presence for ourselves and our daughters.

I want to thank you, too, for your bravery in publishing this book and for being an out-of-the-closet female-to-male transsexual. The information in the book has supported me personally in claiming the word "transvetite" for myself (I've always felt more than just "butch") ... not to speak of the help it was recently when I went into an army-navy store to buy myself a pair of jump boots and merely asked for a men's size 6 (as your chart advises) and avoided the hassle of trying them on in a hostile environment.

So, let us hope Lesbians are making their ways in looking at their own desires. Your book is an especially welcome and important contribution.

Sincerely,

*Bet Power*

PS I may wish to correspond with you when I have a bit more time to write, if that is OK with you. I am processing out my own identification as transvetite and wondering more, at depth, about the differences between TV's and TS's.

*2/18/87 Dear Bet - Thanks for yr ltr of 1/16 & all the compliments on my INFO F-M. Excuse my long delay in answering, but I was in the hospital ... am feeling better now. I would be happy to correspond w/you, as you mentioned in your P.S. I know how desperately I needed to communicate w/ another F-M when I was trying to find my place in the TV/TS continuum. Best regards,
