dear l. sullivan,

the new alexandria lesbian library is a 12-year-old national collection of lesbian herstory open to the lesbian community for reading, research and events. it has been built by lesbians and exists entirely from the resources, efforts and donations of people like yourself who are addressing important needs of our community.

please join the hundreds of others who have donated books and materials to the collection by sending us a copy of information for the female-to-male. we are a non-profit group and would greatly appreciate a copy in the collection. we can review it in our newsletter and hundreds of lesbians will see it at the library.

if you would like to donate the book, send it c/o myself at the above mailing address.

thank you for your time and consideration.

sincerely,
