Thanks for the 1-27-88
 info on AL 721. It was the
 best I've seen. I'll pass it on to
 the GPU but line people and maybe
 the Mil. AIDS Project if they don't
 already have it. Sorry to hear
 about all the water that has fallen
 into your life. We had several
 inches of snow here too instead of
 the 1/4" of snow I'm at hospital now
 for Doc to look up my rear to try
 and determine
 who's where
 the diamonds
 for 2 months.

Larimer Square in Denver, Colorado is an
 extremely interesting and charming area of
 redevelopment. Quaint shops, outstanding
 restaurants and unique design come together in
 a section which formerly rang with the lusty,
 bawdy sounds of frontier saloons and ladies of
 the night.
