

11-9-87

Dear Doc Brownstein -

Thought you'd appreciate ~~an update~~ + these recent photos. Use them however you wish (you can put tape over my eyes, if you want, HAHA). My left ball is finally loosening up in the sac + regaining ^{erotic} sensitivity. I joined a club for gay men with small dicks + those who like 'em small, and just met ^{played with} a guy who thinks I'm the ~~best~~ sexiest! Thank you, Doc!!

Re: ~~the~~ ^{my} AIDS, so far so good. Still haven't been sick since my pneumocystis last ~~in~~ January, altho just got word that the AZT is toxifying me and my white blood cell count is 720, so am halving my dosage. But I feel fine.

Also enclosed newsletters + ^{ed} get-together fliers for the F → M group I've coordinated.

(We plan to meet again sometime in Dec... Would you consider speaking at that meeting? We had 9 F → M's at the Sept. mtg, mostly ^{pre-op} people. ~~just~~
 ~~starting the~~ Time/place could be up to you.

I'll phone you later this week to get your ^{thoughts on this} ~~answers~~.
Will talk to you Ken,

Warm regards,

L
