

June 18/79

Dear Les,

Thanks for your nice letter + cheque
for \$10.00. ~~Enclosed are~~ Please find
enclosed Journal Nos. 2-4 which I hope you
will enjoy. + Linda O'Connell's book of poems + poetry.

Emmon is a ^{real} nice guy with whom I have been
corresponding since 1972 to the present but have never
met him yet in person although I hope to
someday.

I am moving to Toronto (as is FACT HQ.)
on June 21st to live in a student co-op
house (\$130/month) and am trying to get onto
a Canada Manpower-sponsored training
program in OFFSET PRINTING in August or October
(or later) in Toronto - a 10-week course. The college
assists in placement of its graduates - starting
wage is about \$4-4.50 per hour but can go up to \$8/hour.

Have you ever met Emmon yourself?

I just broke up with my lover of 3 years -
a pre-op FTS man in Calgary because he fell in
love with somebody else - a pre-op NTS woman -
our room-mate of all people but I still love

Jim and Hope we can eventually get
back together one day in the future. Anyway,
we are still friends and will respond. I
write him once a week or every 2 weeks but
he's only written me once since I left
Calgary on May 1st. I also phoned him twice.
There was also a little girl (5 years old -
Doris's daughter) whom I had a very good
relationship with and was her "Uncle
Nicky". It was quite sad for me to leave
them both. Anyway, c'est la guerre.

I really like Dirk Bogarde - both
as a fine actor and as a sexually
attractive gay man. I sometimes fantasize
having sex with him as I am bisexual
and like both men and women. I used to
want to look like Dirk Bogarde and was even
considering using his first name as mine.

Please tell me a bit about yourself + hobbies
+ interests + activities, etc. if you like/wish
as I would enjoy corresponding with you.

Take care.

Best wishes,
Nick
