

P.S. Not to worry; I know better than to
publish on personal correspondence.

Dear Paul,

12-1-88

~~OK~~ I still have until the 14th
to bug you, right? ~~4~~ Before you
disappear, I need 3 things from you,
~~OK?~~ if you'd be so kind.

① Permission to reprint ^{in FTM} your
review of Lothstein's book
(copy enclosed). ~~Have you written any-~~
thing else I can ^{have permission to} reprint in FTM?

② You once told me the first
SRS on record was FTM
in 1919. Please give me
the reference, or more ^{info} ~~information~~ about
this. I love this historical stuff.

I didn't know you had ARC,
Paul. Just don't panic! ~~It's~~ ~~remember~~
The last time we talked, you looked
like you were twirling. ^{It's} great
to have no responsibilities all day.
You really do deserve to kick back.
Know I'm lovin' ya and will see you
in the streets for sure.

Love, Lou

② The name of
a Bay Area
male therapist
in the Bay Area
qualified to
see FTM's?
Neil King?
Who should I
send them to?
