Dear Lou -

Thanks for sending me the newsletter - as usual it's excellent & informative - there is so little available for FTM's -

Just read an excellent manuscript - a novel called "Passing" by Jamison Green - it describes the life experiences of a budding FTM - do you have any ideas on publication sources? Let me know if you do.

Enclosed is a small contribution for publication expenses & to cover my ad (cards enclosed).

Will you let me know when the next get-together is? I'd like to meet more FTM's on an informal basis.

Thanks.

Warmly,
Liz
