WILL EITE

You have been much on my mind lately. By now the doctors should have had enough experience treating pneumonia to be able to get you cured promptly. Then get away from hospitals. They are the biggest concentration of the nastiest germs. Take thyrox extra and isoprenizone and AZT and you will be in fine shape for a long time.

POST CARD

Lou Sullivan

DETROIT, MICHIGAN

During the annual International Freedom Festival, 500,000 people on both sides of the Detroit River witness this spectacular fireworks display. Detroit and its Canadian neighbor, Windsor, combine to celebrate their freedom during the week-long festivities.
