School of Medicine
Reno NV 89557

Dear Dr. Pauly:

Thank you for your letter of October 14. I, too, felt our meeting on October 12 and especially the videotaping was very gratifying and worthwhile. I would like very much to have a copy of the videotape - thanks for offering!

Yes, I will plan to be in Reno the middle of January for your sophomore class, and any follow-up interview/taping you'd like to do. Please let me know when you have time/date specifics. Is there a possibility of reimbursement for travel expenses for the January trip (bus fare--since I don't drive--and one night cheapo hotel if the class is in the early a.m.)?

Re: my list of readings in INFORMATION FOR THE FEMALE-TO-MALE. While I have collected many of the books mentioned, I am still looking for some through book search businesses (notably, the books by Lucy Brewer West and Lucy Ann Lobdell, which I saw in the Milwaukee Library some 15 years ago). How can I help in your collection of historical references to female-to-male transsexualism? I have also been gathering clippings and miscellaneous references to female-to-males from the past (the source of the short personal bios scattered throughout my booklet), and have data on over 100 persons so far. I am enclosing for your library a newsletter of the San Francisco Gay Historical Society, of which I am an active member: the lead article is about the full-length biography I am writing about Jack "Babe Bean" Garland.

I am enclosing the Blanchard article I spoke of... the reference to the female-to-male gay man is on page 143. Sorry about the crummy xerox quality; my copy's just as bad.

Please keep in mind to send me a copy when you publish your "vignette" about the F-M gay male experience. In the meantime, I await the videotape copy and specifics on the January class.

Best regards,

Louis G. Sullivan
