

Dear Louis,

July 9, 1984

Thank you for your letter, cheque and letter to the editor of Workers' World. I am publishing the latter in the October issue of the newsletter as there is no space available in the August issue. I will also be happy to publish your book review of Lotkhstein's book in the December (or February 1985) issue. My book review of same appears in the April ¹⁹⁸⁴ issue on pages 34 (enclosed). I am enclosing the April and June issues of the newsletter.

I am going back to school (community college) - School of Journalism - in September. It's a two-year course. I hope to eventually specialize in scientific and medical (and sexological) writing. I recently read the memoirs of Herenline Barbrin as I bought the book.

[redacted] and I will be moving back together again by the time school starts.

We are looking for a new apartment now.

We celebrated her birthday and our anniversary (4 years engaged) on July 6th and 7th. We went out to dinner at a posh Chinese restaurant and then to a hotel lounge for a few drinks and dances.

I had a good time in Boston in June (while I was attending the se-ology conference there) - too bad that Jude Patton couldn't make it at the last minute because his car broke down and he needed the travel money to buy another car for his work.

I saw a few movies (two free) recently: "Indiana Jones and the Temple of Doom", "The Iceman" and "Bachelor Party".
Have a good summer. Love and Peace,
Take care now. Thupert

Postscript: I have decided to discontinue the distribution of the Journal of a Transsexual because your letter to the Editor effectively argues that this pamphlet propagates essentially anti-transsexual propaganda which is likely to produce a negativizing influence upon its readers. (Thank you for your message - your point is well-taken - you have raised my consciousness/alerted me as to the possible dangers involved with this work written by a non-transsexual.) Thank you also for your caring enough for others to expend the energy and effort (and time) to write ^{this} letter to the editor and then send copies to all 17 branch offices.
